Hi Chris,

Attached are four photos from Property 3, three are from earlier this year. The nice green panoramic was from back in 2018. Let me know if these work for you.

We received validated data this week, I'll be publish the Scribe once I finish upload and will let you know if there are changes from the preliminary data.

Charlie had requested if we had an updated map for Property 3. I have the Collector Map Data that needs a few updates, is it alright to update the map and send that to him? I also have Property 1 area estimates from the post-windrow areas for his estimates.

Thank you,

Hi [redacted]

I hope you are doing well. Next week can you see if you have any overall photos of Property 3? I have a bunch of the individual piles and casings but all mine are closeups. I'm looking for something that shows more of the landscape

Thank you
Chris
